Inland Fish & Prawn Farming, Fishery Harbour Development,
Multiday Fishing and Fish Exports

National Aquatic Resources Research & Development Agency
(NARA)

Invitation for Application for Expression of Interest (EOI) for Biofloc Technology Based Intensive Fish Farming in Sri Lanka

National Aquatic Resources Research & Development Agency (NARA) is main Institute functioning under Ministry of Fisheries for implementing research and development tasks in fisheries and other aquatic resources towards rapid and dynamic economic growth in Sri Lanka.

Hereby, NARA invites for EOI from private sector including small and medium scale enterprises (SMEs) for partnership projects on Biofloc Technology base intensive fish farming.

Purpose of this project: To lead the local industries through partnership projects to earn more revenue from aquatic resources sector by introducing scientific and economically viable intensive technologies in increasing the production of high value fish species and expand fish exporting industry.

Benefits for the private sector: NARA will serve as consultative body and the investor will receive all expertise guidance and technologies for culturing of high value fish species using biofloc technology; processing of fish; and finding export markets for fish products in said project. Facility of NARA Regional Center at Kalpitiya will be available for pilot scale biofloc based fish culturing project.

Private sector parties who are willing to enter memorandum of understanding (MOU) with NARA for said project, should apply for EOI giving concise and accurate information on their companies as relevant on following: a) General information of the company; b) Legal status; c) Amount of capital or net assess value; d) Copies of audited financial statement for the last three years; e) Experience and expertise in biofloc based fish culturing and processing; f) Financial commitment for invest on biofloc culture practices and establish infrastructure facilities for fish cultures.

Please submit your application to the Chairman, National Aquatic Resources Research & Development Agency (NARA), Crow Island, Mattakkuliya, Colombo 15, Sri Lanka indicating “Expression of interest for Biofloc Technology Based Intensive Fish Farming” at the top left hand corner of envelopment.
